1. Initiating the discussion, Dr. P.V. Ananda Mohan welcomed the participants. It was explained that the purpose of this Pre-bid meet is to inform the bidders regarding various important provisions of the EOI documents and also to clarify any queries that the bidders may have regarding technical or commercial issues in the subject bidding documents.
2. Mr. David Selvakumar, Associate Director explained the scope of the project requirements, in brief.
3. Queries were raised by the prospective bidders during the meeting and the clarifications were given to them by the Associate Director.

4. The following decisions/recommendations were made:

- For better interoperability among the modules meeting the requirements. one complete suite meeting the requirements would be procured from a single vendor, and any specialized future requirements could be met by procuring/renting those special modules separately
- The vendor would support for future problems based on their learning from other problems
- The prices for each of modules constituting the total suite meeting the requirements would be quoted individually and the comparison would be based on the total price of complete solution including cost of training, if any.
- CDAC reserves right to increase or decrease quantity of the modules while placing the order and the prices should be valid till ONE YEAR.
- Vendor shall quote the cost of additional license for each module as optional.
- Re-hosting of License server would be valid for 3 years after the initial Warranty / AMC period which is 3 years.
- Vendors may offer a 5 days training programme initially on no cost basis as part of supply and installation process.
- Payment for training – Training fees shall be paid on production of PBG as per the tender norms – Vendor may mention option for partial payment, say for the first year and second year separately
- For comparison of prices for quotes in dollars the exchange values for Dollar on the bid opening day only shall be considered - Please refer to clause No.13.4 under Section II of the tender for details.

The meeting concluded with thanks to the participants for the active participation.
